Notification No.Godown/2022/I/ 711 Jagdalpur Dated-21 /03/2022

**—: Notice Inviting Tender :—**

**Procurement Including Designing, Fabrication and Commissioning  
of PEB and Profile Galvalume or Galvalume Color Coated Steel  
Sheet for proposed Godowns 1,2,3,4,5,6 Total 6 (Six) Godown**

**—: Tender Details :—**

**(1) Tender Document :-**

It can be purchased from office of Managing Director, District Minor Forest Co-operative Union Limited Jagdalpur Division .

**(2) Submission and Opening of Bid :-**

Bid shall be submitted in the office of Managing Director, District Minor Forest Co-operative Union Limited Jagdalpur on the dates mentioned in table below till 4:00 PM, The tender's will be opened From 5.00 PM PM on the mentioned in table below.

Bid Round	Date from Which Bid documents can be purchased	Starting date of submission of Bid	Last Date of submission of Bid	Date of opening of Bid
Fourth	15.03.2022	21.03.2022	15.04.2022 (4.00 PM)	16.04.2022 (5.00 PM)
Fifth	18.04.2022	20.04.2022	25.04.2022 (4.00 PM)	26.04.2022 (5.00 PM)

**(3) Cost of Tender Document :-**

INR 5000.00 for the tender Documents payable through DD.

**(4) Estimated cost of one Godown :-** Rs.65,00,000.00 (Inclusive of all taxes)

For 06 (Six) Godowns Rs.3,90,00,000.00 (Inclusive of all taxes)

**(5) Earnest Money Deposit 3% :-** Rs.11,70,000.00 Godown By Demand Draft in Favour of "Managing Director, District Minor Forest Produce Co-operative Union Limited Forest Division Jagdalpur" payable at Jagdalpur.

  
Managing Director  
District Minor Forest Produce Co-operative Union  
Limited Jagdalpur

## Bid Data Sheet

Date:

Lumpsum bid for the following works are invited from eligible vendor/bidders and firms of repute fulfilling tender conditions:

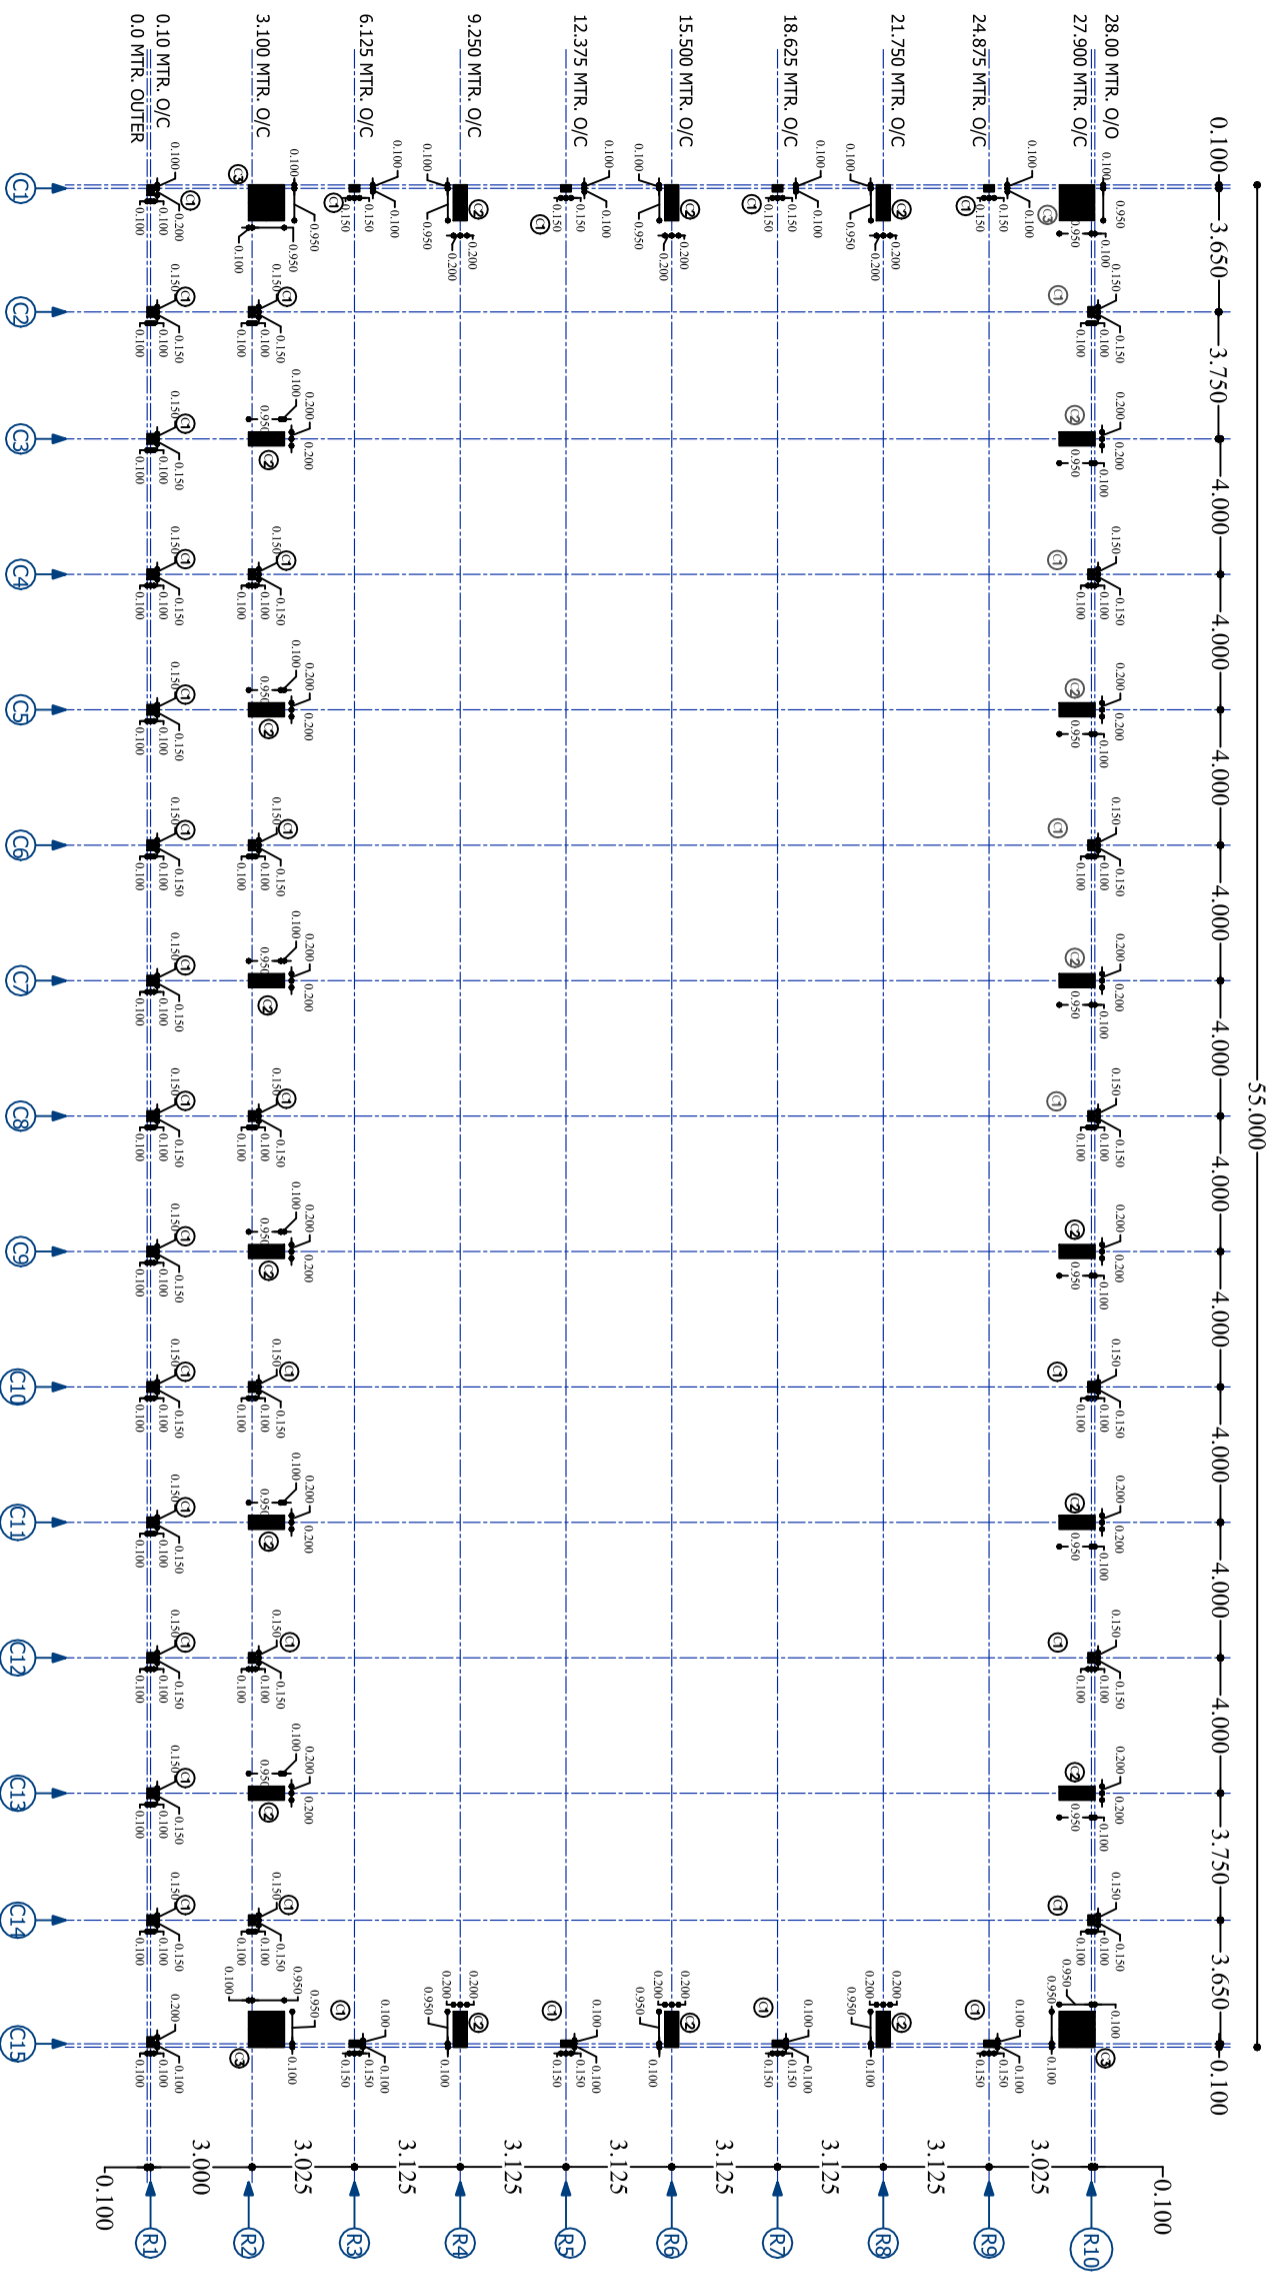

Tender No.	
Name of Work	Procurement including Designing, Fabrication and Commissioning, of PEB and Profile Galvalume or Galvalume colour coated steel sheets for proposed Godowns.
Estimated Cost of one godown	<b>Rs. 65,00,000 (Inclusive of all taxes)</b>
Completion Period	<b>03 (three) Months</b>
Earnest Money Deposit	<b>Rs 11,70,000.00 By Demand Draft in Favour of " Managing Director District Minor Forest Produce Co-Operative Union Limited Forest Division Jagdalpur" Payable at Jagdalpur</b>
Cost of Tender Document	Rs.5000/-* By demand Draft in Favour of "Managing Director District Minor Forest Produce Co-Operative Union Limited Forest Division Jagdalpur" Payable at Jagdalpur
Date of sale of tender	----- to ----- <b>Between 11.00 hrs to 16.00 hrs on all working Days</b>
Date & time of submission of tender	----- <b>up to----- hrs.</b>
Date & time of opening of technical bid.	----- <b>up to -----hrs</b>
Experience with respect to similar nature of work executed during previous 36 months from the tender opening date	<p>a) One similar work costing not less than, 100% of the total estimated cost of the project;</p> <p style="text-align: center;">Or</p> <p>b) Two similar works costing not less than, 75% of the total estimated cost of the project;</p> <p style="text-align: center;">Or</p> <p>c) Three similar works costing not less than, 50% of the total estimated cost of the project.</p>

## Section II

### SCOPE OF WORK, DRAWINGS AND SPECIFICATIONS

#### **1. Scope of Work**

- 1.1 The scope of work includes Design, Proof Check, Vetting and Approval by any NIT/IIT Institution, Manufacturing and testing of Materials by Approved Agency, Transportation of Approved Material and Installation of PEB as per attached **Annexure A**. The cost of Proof Check, Vetting, and Approval by any NIT/IIT Institution shall be included in the cost quoted in the bid.
- 1.2 Since it is lump sum procurement the manufacturer is expected to quote the bid considering all the designs, drawings specifications and other conditions of contract mentioned in the bid document. In case of discrepancies the decision of MD, DU/ Engineer-in-charge shall be final & binding and nothing extra shall be payable in this account.
- 1.3 The water and power for construction and all other incidentals for the Installation of work shall be arranged by the contractor and nothing extra shall be paid on this account.
- 1.4 There will be Defect Liability Period of One (01) Year after issuance of completion certificate. 50% of Performance Guarantee/Bank Guarantee as the case may be, released after successful completion of project and 50% Performance Guarantee/Bank Guarantee as the case may be, will be released after Defect Liability Period i.e. One (01) Years. The defect should be rectified within one (01) month of the period it has been noticed.
- 1.5 Drawings of Foundation Plan, Lay-out Plan Position Of Column, Column and Footing Details, Ground Beam With Details, Ground Floor Working Plan With Details, Lintel Beam Plan With Details, Front and Side Elevation, Typical Main Section, Typical Nos. Of Section and Sky Light and Ridge Vent Plan is annexed as **DWG-1** to **DWG-11** respectively.

CENTER LINE PLAN

GENERAL NOTES

1. USE M-20 GRADE OF CONC. AS/ IS 456-2000
  2. USE - FE 500 GRADE OF REINF. AS/ IS-1786/TMT BARS
  3. PROVIDE CLEAR COVER TO MAIN REINF.
- FOUNDATION- 50MM  
 COLUMN- 40MM  
 BEAM - 25MM  
 SLAB - 15MM OR DIA OF BAR, WHICHEVER IS MORE.  
 R.C.C. WALL - 25MM
4. TIES SHOULD BE BEND INSIDE WITH 10# LENGTH IN BEAM & COLUMN

6. STRIPPING TIME FOR SHUTTERING / FORMWORK UNDER NORMAL CONDITION.  
 5. FOLLOW - IS-456-2000 FOR R.C.C. WORK  
 TYPE OF WORK MINIMUM PERIOD BEFORE STRIKING FORM WORK

- a) VERTICAL FORMWORK TO COLUMN, WALLS, BEAM
- b) SOFFITS FORMWORK TO SLABS (PROPS TO BE REFIXED- IMMEDIATELY AFTER REMOVAL OF FORMWORK) 3 DAYS
- c) SOFFIT FORMWORK TO BEAMS (PROPS TO BE REFIXED IMMEDIATELY AFTER REMOVAL OF FORMWORK ) 7DAYS
- d) PROPS TO SLABS: 1) SPANNING UP TO 4.5M 7DAYS 2) SPANNING OVER 4.5M 14 DAYS e) PROPS TO BEAMS & ARCHES: 1) SPANNING UP TO 6M 14DAYS 2) SPANNING OVER 6M 21DAYS
7. CURING FOR R.C.C. MEMBER MINIMUM 14 DAYS CONTINUOUSLY PREFERABLE - 28 DAYS.
8. START EARLY CURING TO AVOID SHRINKAGE CRACKS. WHEN CONCRETE APPEARS TO HARDEN.
- 9) PROVIDE FOLLOWING SLUMP IN CONCRETE GENERALLY.
  - a) SHALLOW SECTIONS, PAVEMENTS, MASS CONC. LIGHT REINFORCEMENT SECTION IN SLAB, BEAM, WALL, COLUMN 25-75
  - b) HEAVILY REINFORCEMENT SECTION IN SLAB 50-100
  - c) HEAVILY REINFORCEMENT SECTION IN BEAMS, WALLS, COLUMNS SLIPFORM, OR PUMPED CONC. 75-100
  - d) TRENCH FILL, PILING, PUMPED CONC. 100-150
  - 10) PROVIDE LAP/ DEVELOPMENT LENGTH IN REINFORCEMENT BARS GRADE OF CONC. M20- 470 M25-410 M30-380
- 11) REFER RELEVANT DRG. WITH THIS DRG.

**(Note: Details regarding the similar works to be attached as per Performa mentioned in Annexure D.)**

#### **5.7 Financial Bid submission**

1. This envelope shall contain the financial bid in prescribed format **Annexure C** and it shall invariably be submitted in a separate envelope on due date as mentioned in NIT.
  2. It is mandatory to have the name and signature of the tenderer in all pages of the tender form from 01 to -- pages. The tender is liable to be rejected if any page is not signed.
- 5.8 Any tender received after the stipulated date and time will not be opened and will be returned.
- 5.9 After due verification of the EMD & other documents the financial bids (Envelope-2) of only those tenderer whose EMD is in appropriate mode/amount and after evaluation of technical bid as per the condition 5.6 of tender document.
- 5.10 All over writings should be neatly scored out and rewritten and corrections should be duly attested prior to the submission of the tender.
- 5.11 If there is any difference between the amount in words and figures written in the tender forms by the contractor the lesser amount will be treated as valid. If the contractor is not ready to accept the amount to fix in the above manner and declines to do the work, earnest money deposit of the contractor shall be forfeited.
- 5.12 Each tenderer shall supply the name, residence and place or business of the person or persons giving the tender and shall be signed by the tenderer with his usual signature (as per **Annexure B**). When tender is given by partnerships the full names of all partners shall be furnished. An attested copy of the constitution of the firm and the registration number of the firm shall be furnished. In such a case the tender must be signed separately by each partner thereof or in the event of the absence of any partner it must signed on his behalf by a person holding a power of attorney authorising him to be so. Tenders by a corporation shall be signed with the legal name of the corporation followed by the name of the stage of incorporation and by signature and by designation of the president, secretary or other persons authorised to bind it in the matter.

## **6. Supply Material & Fitting Details:**

- 6.1 For all the materials to be supplied, the successful tenderer will have to work according to the approved design and parameter and the criteria shown in Annexure "A" and it will be the duty of the successful tenderer to make the PEB on the basis of actual measurement as per site condition of the godowns under construction and also will do their fitting and testing after construction and will bring them in position which will be inspected by the Managing Director, District Minor Forest Produce Co-operative Federation Limited **Jagdalpur** or officer appointed by him for this purpose, at the construction site.
- 6.2 It will be mandatory for the successful tenderer to supply all the materials and fittings of the godown construction at site within the stipulated period (three month)as shown in the work order .In the event of non-supply of materials within the stipulated period, the work will be done from other suppliers and if the cost of such work is more than the tender rates, then it can be recovered from the Performance Guarantee of the successful tenderer for which the tenderer himself will be responsible. As well as if the amount of excess expenditure is more than the amount of his deposit, then the remaining amount can be recovered from the tenderer as land revenue as per rules, and the name will be registered in the blacklist for 01 year.
- 6.3 It will be mandatory to give material rate and GST rates separately. as per **Annexure C**
- 6.4 All taxes, cess, royalty on the cost of the material will be borne by the tenderer and also all the handling charges on loading/unloading and stacking etc will have to be borne by the tenderer.
- 6.5 The entire quantity of the material for which the order will be issued, its full quantity will have to be supplied and fitted. Managing Director, District Minor Forest Produce Co-operative Federation Limited **Jagdalpur** has full right to get full or part of the fulfilment done or cancel it at any time without assigning any reason.

## **7. Opening of Tenders:**

- 7.1 Tenders received on or before the stipulated date and time will be opened in front of the tenderers or their authorized representatives present on the date/time fixed for opening the tender.
- 7.2 Envelope number-1 containing the EMD will be opened first and after having all the records shown in clause 5.7 and after the acceptance of the PEB design submitted by the tenderer, the envelope 2 will be opened.
- 7.3 The envelope 2 (**Annexure C**) containing tender rates of the tenderers will be opened in front of the present tenderers /representatives and after making a comparison sheet of the rates received, the signatures of the tenderers/representatives present will be obtained.

## **8. Work after opening of tenders:**

- 8.1 The tenderer whose rates are lowest among the tenderers selected will be accepted.
- 8.2 The rates thus accepted will be applicable for a period of six months from the date of acceptance.
- 8.3 While filling the rates of tender by the tenderer, the rates shall be filled as per the **Annexure-C**.
- 8.4 The rates of the successful tenderer will be approved as per the conditions mentioned above and Work order will be issued.

8.5 If the material is not found to be of standard quality after verification, the supplier will have to lift the material at his own cost. The Managing Director, District Minor Forest Produce Co-operative Union Limited **Jagdalpur** will not be responsible for the expenditure incurred in this and the equipment of standard quality will have to be used and only after this payment can be made.

#### 8.6 PAYMENT TERMS

<b>Description</b>	<b>Amount</b>
Mobilization Advance against Bank Guarantee	10% of total cost
After Receive of Structural Material	50% of total cost
After Receive of Sheeting Material	10% of total cost
After Installation at site	25% of total cost
After release of Completion Certificate by authorized signatory	5% of total cost

8.7, 8.8. Material Testing Certificate (MTC) of the material brought to site shall be duly tested at the manufacturing facility and the MTC shall be provided along with supply of material.

**NOTE:-1** Mobilization advance will be released after receive of bank Guarantee in favour of M.D. Jila Union Laghu Vanopaj.

**NOTE:-2** Payment on the supplier of material shall only be made only if the material is supplied along with MTC.

**NOTE:-3** Random sample of the supply of material shall be taken and send to reputed NABL Lab for testing. Full payment against the supply of all material at site it supposed to be made only after the material passes the test. However 75% of the payment due against supply of materials shall be made if the MTC is as per specification, pending the submission of test report.

**NOTE:-3** the additional cost of material required for sample testing will be borne by the supplier and shall be included in the quote submitted.

**NOTE:-4** If either the material supplied at site or the workmanship is not as per standards and the supplier dose not rectify the same within one month of notice it will be considered as breach of contract and action as suitable, will be taken. The decision of Managing Director, District Minor Forest Produce Co-operative Federation Limited, **Jagdalpur** will be final.

8.9 If required, the right of negotiation on the rates received will be with the concerned Managing Director, District Minor Forest Produce Co-operative Federation Limited, **Jagdalpur** This negotiation will be done with the lowest rate tenderer, as per rule.

8.10 Before issuance of supply order to successful tenderer and within 01 week after approval of tender rate the agreement will have to be executed on the stamp paper of Rs.100/- for which the format is attached (**Annexure H**) . In the event of non-execution of the agreement within the stipulated period, the accepted tender will be cancelled as well as the EMD amount of the tenderer will be forfeited in favour of the Managing Director, District Union and tenderer will be blacklisted for a period of 01 year.

## 9. Tender Period:

The period fixed for the design, supply and installation will be for three month and which can be extended once by the Managing Director, District Union. The supplier will have to deliver it to all the designated places and in case of non-supply of the material within the prescribed period, action will be taken as per the condition number-8.2.

**10. Compensation for delay:**

If the work is not completed within the stipulated period of three months and the extended time (if any), the supplier will be liable to pay 0.5% of the project cost per week as compensation of delay. At any cost compensation cannot be more than 2% of the cost.

**11. Right of Cancellation:**

The Managing Director, District Forest minor Produce Co-operative Federation Limited, **Jagdapur** will have the right to cancel any part or whole of the tender without assigning any reason.

**12. FRAUD AND CORRUPT PRACTICES**

12.1 The Bidders and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process and subsequent to the issue of the LOA and during the subsistence of the supplier Agreement. Notwithstanding anything to the contrary contained herein, or in the LOA or the supplier Agreement, the Authority may reject a Bid, withdraw the LOA, or the Authority may terminate the supplier Agreement, as the case may be, without being liable in any manner whatsoever to the Bidder or Operator, as the case may be, if it determines that the Bidder or Operator, as the case may be, has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process. In such an event, the Authority shall be entitled to forfeit and appropriate the Bid Security or Performance Security, as the case may be, as Damages, without prejudice to any other right or remedy that may be available to the Authority under the Bidding Documents and/ or the supplier Agreement, or otherwise.

12.2 Without prejudice to the rights of the Authority under Clause 12.1 hereinabove and the rights and remedies which the Authority may have under the LOA or the SUPPLIER Agreement, or otherwise if a Bidder or Operator, as the case may be, is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process, or after the issue of the LOA or the execution of the supplier Agreement, such Bidder or Operator shall not be eligible to participate in any tender or tender document issued by the Authority during a period of 2 (two) years from the date such Bidder or Operator, as the case may be, is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practices, as the case may be.

12.3 For the purposes of this Clause 12, the following terms shall have the meaning hereinafter respectively assigned to them:

- a) “corrupt practice” means (i) the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any person connected with the Bidding Process (for avoidance of doubt, offering of employment to or employing or engaging in any manner whatsoever, directly or indirectly, any official of the Authority who is or has been associated in any manner, directly or indirectly, with the Bidding Process or the LOA or has dealt with matters concerning the supplier Agreement or arising there from, before or after the execution thereof, at any time prior to the expiry of one year from the date such official resigns or retires from or otherwise ceases to be in the service of the Authority, shall be deemed to constitute influencing the actions of a person connected with the Bidding Process); or (ii) save and except as permitted this RFP, engaging in any manner whatsoever, whether during the Bidding Process or after the issue of the LOA or after the execution of the supplier Agreement, as the case may be, any person in respect of any matter relating to the Project or the LOA or the supplier Agreement, who at any time has been or is a legal, financial or technical adviser of the Authority in relation to any matter concerning the Project;
- b) “fraudulent practice” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process;
- c) “coercive practice” means impairing or harming, or threatening to impair or harm, directly or indirectly, any person or property to influence any person’s participation or action in the Bidding Process;
- d) “unfair practice” means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and
- e) “restrictive practice” means forming a cartel or arriving at any understanding or arrangement among Bidders with the objective of restricting or manipulating a full and fair competition in the Bidding Process.

# ANNEXURE – A

## STANDARD MATERIAL SPECIFICATIONS

### **A. PREFABRICATED STEEL BUILDING**

- Build up Area 55.0mts.x 25.0 mts = 1375.00 sqm.
- Canopy Area 55.0 mts.x 3.3 mts = 181.5 sqm. (At +3.0 mts. Level from plinth level)
- Providing,Supplying,Designing and Erection of PREFABRICATED STEEL BUILDING - HSN CODE - 9406 in site,
- THE BUILDING WILL BE MANUFACTURED IN ACCORDANCE WITH THE FOLLOWING CODES:-
- IS 800-2007
- AWS D1.1Structural Welding Code.
- MBMA Manual For Fabrication Tolerances

### **B. PRODUCT SPECIFICATIONS :-**

#### **1. PRIMARY MEMBERS:-**

Primary structure framing shall include the transverse rigid frames, lean-to-rafters and columns, canopy rafters, interior columns (beam and column frames) bearing frame rafters and corner columns and end wall wind column.

#### **2. SECONDARY MEMBERS:-**

Secondary structural framing shall include the purlins, girts eave struts, wind bracing, flange bracing, base angles, clips and other miscellaneous structure parts.

#### **3. PAINT OF STRUCTURAL MEMBERS:-**

All structural members shall be cleaned by wire brushing to remove dirt, grease, oil and loose mill scale and given one shop coat of red oxide, air drying, phenol modified alkyd resin primer. Two coat of synthetic enamel paint. (Total 75 DFT). Colour-Mouse grey RAL7005 or equivalent.

#### **4. CONNECTIONS:-**

- All field connections shall be bolted (Unless otherwise noted).
- Primary bolted connections shall be furnished with high strength bolts conforming to the physical specifications of ASTM A325 (or equivalent).
- Secondary bolted connections shall be furnished with machine bolts conform to the physical specifications of ASTM A307 (or equivalent)

#### **5. PHYSICAL SPECIFICATIONS OF STRUCTURAL MEMBERS:-**

- Member fabricated from plate or bar stock shall have flanges and webs jointed on one side of the web by a continuous welding process using SAW welding and will conform to the physical specifications of ASTM A570 (Grade 50) or equivalent and having a minimum yield strength of 50,000 P.S.I. (345 MPa).
- Members fabricated by cold forming process shall conform to the physical specifications of ASTM A570 (grade 50) or equivalent and having a minimum yield strength of 50,000 P.S.I. (345 MPa).

- Members fabricated from hot rolled structural shapes shall conform to the physical specifications of ASTM A572 (grade 36) or equivalent and having a minimum yield strength of 36,000 PSI (250 MPa).
- Rod and angle bracing shall conform to the physical specifications of ASTM A36 (or equivalent) and having a minimum yield strength of 36,000 P.S.I. (250 MPa).
- Roof and wall cladding shall conform to the physical specifications of ASTM A653 grade 50 (or equivalent) and having a minimum yield strength of 50,000 P.S.I. (345 MPa).
- All other miscellaneous secondary members shall have minimum yield strength of 36,000 P.S.I. (250 MPa).

## **6. ROOF SHEETING /WALL SHEETING :-**

- Roof and wall panels shall be of 26 gauge thick profile galvalume or galvalume color coated steel sheet.
- In case of pre-painted galvalume panels, the exterior face is pre-painted with 1 mil. thick factory applied polyester paint. The interior face is pre-painted with 0.5 mil. thick factory applied polyester paint.
- Each panel shall provide one meter coverage and can be shipped in any length up to 10 m. color of exterior and interior faces shall be white/grey or as directed. Other materials, thicknesses and coating are available upon request.
- The Roof and Wall cladding material shall conform to ASTM A792 and the galvalume coating to ASTM-A792-AZ150. The yield strength of material shall be 550 MPa. In case of KSS type of sheeting the yield strength shall be 300 MPa (minimum).

## **7. SHEETING FASTENERS:-**

- Standard fasteners shall be No. 14, Type A, self-tapping sheet metal screws with metal and neoprene washers. All screws shall have hexagonal heads, be color coated to match roof and wall sheeting and made of zinc plated steel.

## **8. SEALER/ROPE SEAL:-**

- This is to be applied at all side laps and end laps of roof panels and around self flashing windows. Sealer shall be 6mm wide x 5mm thick, asbestos fiber filled, pressure sensitive butyl tape. The sealer shall be non asphalted, non shrinking, non drying and non toxic and shall have superior adhesion to metals, plastic and painted surfaces at temperatures from - 51 deg. 'C' to +104 deg. 'C'.

## **9. CLOSURES / FILLER STRIPS:-**

- Solid or closed cell E.T.P. (Ethylene polypropylene Terpolymer) closures matching the profile of the panel shall be installed along the eaves, rake and other locations specified on drawings.

## **10. RIDGE CAP:-**

- A formed panel matching the material color, slope and profile of adjoining Rib roof panels.

## **11. FLASHING AND TRIM:-**

- Flashing and/or trim shall be furnished at the rake, corners, eaves framed openings and wherever necessary to provide weather tightness and finished appearance. Color shall be white for rake and eave flashings and color of wall for corner flashings unless otherwise specified by client from one of the standard range of colors. Material shall be 26 G thick conforming to the physical specifications of ASTM A446 Grade C or equivalent and having minimum yield strength of 40,000 P.S.I. (275 MPa).

## **12. EAVE GUTTERS AND DOWNSPOUTS:-**

- Eave gutters shall be box shaped, color coated, and 0.5mm nominal thickness (26 gauges) galvanized steel. The outside face of the gutter shall be supported with color coated 0.5 mm nominal thickness (26 gauge) galvanized straps to the eave member at a maximum spacing of 1.2 m
- Downspouts shall be rectangular shaped, color coated and 0.5mm nominal thickness (26 gauge) galvanized steel. Downspouts shall have a 45 degree elbow at the bottom and shall be supported by attachment to the wall covering at 3.0 m maximum spacing.

## **13. FIBERGLASS INSULATION :- Deleted**

## **14. ANCHOR BOLTS :-**

- These are normally supplied prior to the delivery of pre-Engineered building.

## **C. BASIC BUILDING DESCRIPTION :-**

- A. Frame type - RF
- B. Width (m) - 25.00 m o/o
- C. Length (M) - 55.00 m o/o
- D. Eave height (M) - 6.00 M clear.
- E. Roof slope - 1:10
- F. Bay spacing (m) -1@7.50 M+5@8.00M+1@7.50M.
- G. Wind bracing - Pipe Bracing.
- H. Roof cladding -26 GA bare Galvalume High tensile profile.
- I. Wall cladding - 26 GA colour Galvalume high tensile profile sheet.
- J. Opening at front side wall - 3.0 M height brick wall and above sheeting.
- K. Opening at back side wall - 3.0 M height brick wall and above sheeting.
- L. Opening at left end wall - 3.0 M height brick wall and above sheeting.
- M. Opening at right end wall - 3.0 M height brick wall and above sheeting.
- N. Eave gutters - Included.
- O. Downspouts - Included.

## **D. BUILDING ADDITIONS**

- A. canopy location/description - 3.3M x 55.0 M - 01No. On Verandah at 3.0M level above plinth level on the front side.

## **E. STANDARD BUILDING ACCESSORIES**

- A. Sky lights - 1.0m x3.305m - 14 Nos. on the – Roof

- B. Ridge Vents - 0.300m x 3.0m - 05 nos. on the – Roof

#### **F. STEEL WORK FINISH**

- A. Frames, Built-up / HR sections / Bracings - Red oxide 01 coat synthetic enamel paint in plant and 2nd coat paint material for site application Total 75DFT. Colour mouse grey RAL 7005 or equivalent.
- B. Purlins / Girts - G.I.Finish. G.I.-IS277-2018 or equivalent. Red oxide, 01 coat synthetic enamel paint in plant and 2nd coat paint material for site application (Total 75DFT)
- C. Anchor bolts –IS2062:2011 Grade E250 or equivalent with one coat of epoxy primer.

#### **G. DESIGN LOADS**

- A. Dead load on Roof - Self weight
- B. Roof live load on purlin - 0.75 KN/m<sup>2</sup>
- C. Roof live load on frames - 0.75 KN/m<sup>2</sup>
- D. Wind load - 44 M/S
- Rates should be all inclusive i.e. Taxes, transportation, installation etc. P.E.B. structure should be certified by N.I.T. or I.I.T. by Contractor along with the stability certification.

<b>BUILDING DESCRIPTION</b>	
Building Width(m) C/C	25.00 MTS.
Building Length (m) C/C	55.00MTS.
Clear Height (m)	6.00MTS.
<b>Description</b>	<b>Tentative Weight in MT</b>
PRIMARY MEMEBERS+MISC ITEMS.	31.63
SECONDARY MEMEBERS	12.11
ROOF SHEETING	8.98
WALL SHEETING+MISC ITEMS.	4.22
Estimate Weight with Variation of +/- 4%	56.94

**Note:** The above mentioned weight of described materials is tentative and may vary as per design.

#### **Testing:-**

1. Destructive testing, (i.e. at NABL approved lab testing)
2. Non-destructive testing. (i.e. Dye penetration test)/Magnetic Particle Test (i.e. MPT)
3. Radiography/Ultrasonic of the Butt weld joints as per applicable code.

## **ANNEXURE – B**

### **STRUCTURE AND ORGANIZATION**

1. Name and address of the applicant
2. Telephone No./Fax No./ E-mail ID
3. Legal Status (Attached copies of original document

defining the legal status)

The applicant is a

- (a) Individual
- (b) Proprietary firm
- (c) Firm in Partnership
- (d) Limited Company or Corporation

4. Particulars of registration with various Governments

Bodies

(Attached attested Photocopy)

Organisation / Place of Registration

Registration Number

- (i)
- (ii)
- (iii)

5. Names and Title of Directors and Officers with designation to be concerned with this work with designation of individuals authorized to act for the organization.
6. Were you ever required to suspend construction for a period of more than six months continuously after you commenced the work ? If so, give the name of the project and give reasons thereof.

7. Have you or your constituent partner in case of partnership firm, even left the work awarded to you incomplete ? (If so, give name of the project and reasons for not completing the work).
8. Have you or your constituent partner in case of partnership firm, been debarred / black listed for tendering in any Organization at any time? If so, give details.
9. Have you or any constituent partner in case of partnership firm, even been convicted by a court of law ? If so, give details.
10. In which field of PEB, you claim specialisation and interest ?
11. Any other information considered necessary but not Included above.

**SIGNATURE OF BIDDER**

# ANNEXURE-C

## FINANCIAL BID FORM

(The form containing the entry should be kept in the envelope number-02)

- **District Minor Forest Produce Co-operative Union** \_\_\_\_\_ **for proposed PEB godown and Profile galvalume or galvalume colour coated steel Sheets work**

### Financial Bid Form

- The construction of PEB & Profile galvalume or galvalume color coated steel Sheets and fitting work for Proposed Godowns.
  1. The name of Applicant/Applicant firm :
  2. Full address (with mobile number) :
  3. Full professional address of Applicant/Applicant firms (with mobile number) from where material will be procured :

S.N o.	Description	Rate	GST	Total
1.	Designing, construction, testing and commissioning of steel work in web flange structure as submitted design up to 55 mt x 25 mt span conforming to I.S. specification consisting of columns, trusses,, roof and bottom purlins base plates, with Profile galvalume and Galvalume color coated steel Sheets with all its accessories. Other specifications shall be as per <b>Annexure A</b>

**ANNEXURE H**  
**DRAFT SUPPLIER'S AGREEMENT**

This agreement is executed on this .... Day of ..... 202.. in the office of **District Minor Forest Produce Union Limited, Jagdalpur** By and between the **Managing Director, District Minor Forest Produce Union Limited, Jagdalpur**, (Address)....., registered under Chhattisgarh Cooperative Societies Act, 1960 here-in-after called the “**District Union**”, which expression shall include its assigns and successors.

**And**

M/s....., (address)..... a company incorporated under Companies Act 1956 (now Companies Act 2013)/Partnership Firm/Proprietary Firm, acting through its ....., herein after referred as “**Supplier**”, which expression shall include its assigns and successors.

- **Whereas** District Union vide its Tender Notification No ..... dated .....invited proposal for selection of Supplier for Procurement including Designing, Fabrication and Commissioning, of PEB for proposed Godowns and Profile galvalume or galvalume color coated Steel Sheet.

**Whereas** the Supplier submitted its proposal for the aforesaid work, whereby the Supplier represented to the District Union that it has required experience and resources to provide services to the District Union on the terms and conditions as set forth in the tender document and this agreement;

**Whereas** the District Union on acceptance of the aforesaid proposals of the Supplier issued its Letter of Acceptance (“LOA”) dated .....

This Agreement shall be deemed to commence from the ..... day of ....., 202....

**1.** This agreement witness as follows:

- i. Supplier will supply, including Designing, Fabrication and Commissioning, of PEB for proposed Godowns and Profile galvalume or galvalume color coated steel sheets. Sheet at the cost .....(as submitted by supplier in the financial bid and approved by District Union)
- ii. The tenderer declares that he/she has properly read and understood completely all the terms and conditions of the tender and the agreement have been fulfilled by him/her and bound to supply accordingly.
- iii. This agreement will be valid for a period of one year from the date of signing of the agreement. If the tenderer proposes to withdraw the tender or is withdrawn

(breakout) before this stipulated time period, then the security deposited by tenderer will be forfeited by the Managing Director and the tenderer may be blacklisted.

- iv. This agreement will always be in conformity with the terms and conditions of the tender. It contains partial or prior interpretation of the terms and conditions of the tender.
- v. After all the ordered materials are supplied and received on the spot and verified by the gazetted officer, 50 percent amount will be paid and after coming to the position (Turn key) the balance amount will be paid and the amount of security deposit will be refunded.

## **2. CONFIDENTIALITY:**

- i. As used herein, the term “Confidential Information” means any information, including information created by or for the other party, whether written or oral, which relates to internal controls, information concerning the business or financial affairs and methods of operation or proposed methods of operation, accounts, transactions, proposed transactions or security procedures of either party or any of its affiliates, or any client of either party, except such information which is in the public domain at the time of its disclosure or there-after enters the public domain other than as a result of a breach of duty on the part of the party receiving such information. It is the express intent of the parties that all the business process and methods used by the Supplier in rendering the services hereunder are the Confidential Information of the Supplier.
- ii. The Supplier shall keep confidential, any information related to this agreement, with the same degree of care as it would treat its own confidential information. The Supplier shall note that the confidential information will be used only for the purposes of this agreement and shall not be disclosed to any third party for any reason what-so-ever.
- iii. At all-time of the performance of the services, the Supplier shall abide by all applicable security rules, policies, standards, guidelines, and procedures. The Supplier should note that before any of its employees or assignees is given access to the Confidential Information, each such employee and assignees shall agree to be bound by the term of this agreement and such rules, policies, standards, guidelines and procedures by its employees or agents.
- iv. The Supplier should not disclose to any other party and keep confidential the terms and conditions of this Contract agreement, any amendment hereof, and any Attachment or Annexure hereof.
- v. The obligations of confidentiality under this section shall survive for five (5) years post rejection of the contract.
- vi. The Supplier must maintain absolute confidentiality of the documents/ Materials/ tools collected in any form including electronic media and any other data/information provided to him for the execution of the work.

- vii. The Supplier should not use the materials for any purpose other than the scope of work specified in the document and added/ amended before signing the contract.
- viii. If at any stage it is found that the Supplier is using the materials provided by the client any time during the contract execution for any other purposes, stringent legal action will be initiated as per applicable law of land and the contract will be terminated without assigning any reasons.

### **3. Performance Guarantee:**

- i. The Supplier shall also be responsible for performance of work carried out by him for a period of 12 (Twelve) months beyond the completion of work for which performance security has to be furnished by him @ 5%(five percent)of amount of contract. For this purpose contractor has to submit to the District Union a Bank Guarantee of 10% amount of the value of work done on every running and final bill payable to him. If contractor fails to submit bank guarantee of 5% amount of the gross bill, then 5% amount of bill shall be deducted from his running and final bill payment. However, the contractor can get refund of such performance cash security amount deducted if he submits appropriate bank guarantee valid for the period as stated above or 12 (Twelve) months after actual completion. If require, the Managing Director shall ask the contractor to extend the validity period of the Bank Guarantee(s) for such period which he considers it proper and the contractor shall extend the validity period of such Bank Guarantee accordingly. If the contractor fails to extend the period accordingly, the Managing Director shall encash the B.G. before the expiry of the validity period.
- ii. The contractor shall have to carry out all necessary “Rectification” of defects noticed, caused due to any reasons at his own cost within such reasonable period mentioned in such communication notice from the MD, DU/DY Managing Director to him.
- iii. Failure of the contractor to rectify the defects properly in the given period, it shall be open for the MD, DU/DY Managing Director to get the defect(s) rectified either departmentally or through other agency (without calling any tender /quotation) and recover the actual cost plus 15 % (fifteen percent) of such cost from the contractor from any sum, in any form, and available with the department or can be recovered as “Arrears of Land Revenue”
- iv. After two years of completion of construction, 50% (fifty percent) of available performance Bank guarantee shall be returned to the contractor subject to the satisfaction of the MD, DU.
- v. Remaining performance Bank Guarantee as would be remaining (after recovery all cost plus 15% (Fifteen percent) for rectification of defects, if done by the department or through other agency) shall be returned after 3 years of completion.

The performance guarantee will be in addition to the normal security to be deducted as per clause 1 of agreement for the execution of contract.

- vi. The tenderer/contractor shall give in advance authority letter(s) in favour of the Managing Director, District Union 35specificati him to get all Bank’s Fixed Deposit receipts, Bank Guarantees (either normal security deposit and or for performance security) to get these

Bank Receipts and Guarantee deeds verified and got confirmed from the concerned Bank. It will be only after getting such confirmation that the MD, DU shall pay any amount accordingly or refund the equal amount for which BG submitted has been duly verified and confirmed.

**4. PAYMENT TERMS**

<b>Description</b>	<b>Amount</b>
Mobilization Advance against Bank Guarantee	10% of total cost
After Receive of Structural Material	50% of total cost
After Receive of Sheeting Material	10% of total cost
After Installation at site	25% of total cost
After release of Completion Certificate by authorized signatory	5% of total cost

**5. TERMINATION CLAUSE**

i. Right to Terminate the Process:

A. District Union reserves the right to cancel the contract placed on the supplier and recover expenditure incurred by District Union under the following circumstances: -

- a. The Selected agency commits a breach of any of the terms and conditions of the agreement.
- b. The Bidder goes into liquidation, voluntarily or otherwise.
- c. If deductions on account of liquidated damages/Penalty exceeds more than 10% (Ten Percent) of the total investment proposed in technical bid.
- d. In case the supplier fails to deliver the services as stipulated in the delivery schedule, District Union reserves the right to procure the same or similar services from alternate sources at the risk, cost, and responsibility of the supplier. However, all such recoveries shall be subject to a maximum of 10% of the value of the difference in cost of procurement of undelivered services.

ii. District Union reserves the right to recover any dues payable by the Supplier from any amount outstanding to the credit of the Supplier, including the pending bills and/or invoking the bank guarantee under this contract.

iii. Federation reserves the right to terminate the contracts, if the Supplier enters into a Joint Venture with a third party, for the work and responsibilities defined as such in the document.

## 6. CONSEQUENCES OF TERMINATION

- i. In the event of termination of the Contract due to any cause whatsoever, [whether consequent to the stipulated term of the Contract or otherwise], District Union shall be entitled to impose any such obligations and conditions and issue any clarifications as may be necessary to ensure an efficient transition and effective business continuity of the Service(s) which the Supplier shall be obliged to comply with and take all available steps to minimize loss resulting from the termination/breach, and further allow the next successor Supplier to take over the obligations of the erstwhile Supplier in relation to the execution/continued execution of the scope of the Contract.
- ii. The District Union shall forfeit the performance security in consequence to termination of contract for any valid reasons mentioned herein.
- iii. Nothing herein shall restrict the right of District Union to invoke the Bank Guarantee and other guarantees, securities furnished, enforce the Deed of Indemnity and pursue such other rights and/or remedies that may be available to District Union under law or otherwise.
- iv. The termination hereof shall not affect any accrued right or liability of either Party nor affect the operation of the provisions of the Contract that are expressly or by implication intended to come into or continue in force on or after such termination.

## 7. SUPPLIER'S LABOUR REGULATIONS.

The Supplier shall pay not less than fair wage to Labourers engaged by him in the work.

Explanation:

- a) **“Fair Wages”** means wages whether for time or piece work as notified at the time of inviting tenders for the works and where such wages have not been so notified the wages prescribed by the Labour Department for the division in which the work is done.
- b) The Supplier shall, notwithstanding the provisions of any contract to the contrary, cause to be paid a fair wage to labourers indirectly engaged on the work including any labour engaged by his sub-contractors in connection with the said work as if labourers had been immediately employed by him.
- c) In respect of all labour directly or indirectly employed on the works on the performance of his contract, the contractor shall comply with their cause to be complied with the labour act in force.
- d) The Managing Director shall have the right to reduce from the money due to the contractor any sum required or estimated to be required for making good the loss suffered by a worker or workers by reason of non-fulfilment of the conditions of the contract for the benefit of the workers, non-payment of wages or the deductions made from his or their wages, which are not justified by the terms of the contract or non-observance of regulations.

- e) The Supplier shall be primarily liable for all payments to be made under and for the observance of the regulations aforesaid without prejudice to his right to claim indemnity from his sub-contractors.
- f) The regulations aforesaid shall be deemed to be a part of this contract and any breach thereof shall be deemed to be breach of this contract.
- g) The Supplier shall obtain a valid license under the contract (Regulations and Abolition) Act enforce and rules made there under by the competent authority from time to time before commencement of work and continue to have a valid license until the completion of the work.
- h) The Supplier shall comply with the Labour laws like Building and Other Construction Workers Act, 1996 Contract Labour Act, 1970 Minimum Wages Act, 1948 and other applicable laws regarding pension, provident fund etc.

Any failure to fulfil this requirement shall attract the penal provisions of this contract arising out of the resulted non-execution of the work assigned to the Contractor.

## **8. SAFETY CODE**

- 1. Scaffolding:
  - I. Suitable scaffold should be provided for workman for all works that cannot safely be done from the grounds or from solid construction except such short period work as can be done safely from ladder is used on extra Mazdoor shall be engaged for holding the ladder for carrying materials as well suitable foot holes and hand holds shall be provided on the ladder and the ladder shall be given an inclination not steeper than  $\frac{1}{4}$  to  $\frac{1}{4}$  Horizontal and 1 vertical).
  - II. Scaffolding or staging more than 12 M above, the ground floor swung or suspended from an overhead support or erected with stationer/support shall have a guard rail property attached, bolted, braced or otherwise secured at least 1 meter high above the floor platforms of such scaffolding or staging and extending along the entire length of the outside the ends thereof with only such opening as may be necessary for the delivery of the materials. Such scaffolding or staging shall be fastened as to prevent it from swaying from the building of structure.
  - III.
